

# **LIFE**

Families, friends and people in the community,  
Anything you do and say,  
Must be wise.  
You don't know what might happen tomorrow.  
Working hard, even it is narrow,  
There is an open space behind you.

In the world,  
There is no easy road.  
Danger is everywhere,  
Anything can hurt you.  
Stand on your ground,  
That you will never fall.

Life is not meant to be that easy.
